

As a member of the Scrapie Monitoring Scheme you commit to sending all fallen stock over 18 months of age for TSE testing. Until now this has involved you taking the dead animals to the Regional Veterinary Laboratories of APHA (England & Wales) or Disease Surveillance Centres of SAC Consulting (Scotland).

I am please to inform you that as of 1<sup>st</sup> August 2016 you will be able to ask for TSE testing by some fallen stock collectors who are members of the National Fallen Stock Company (NFSCO) (these are listed overleaf). They will also collect and dispose of the carcase. This new service is in addition to the existing routes for TSE testing (APHA and SAC).

- You must be a member of the NFSCO if you wish to use the NFSCO collection service. It is free to join with no annual subscription. Please contact the NFSCO helpline on 01335 320014 to register.
- You will be charged a fee for fallen stock collection, sampling, carcase disposal & TSE testing. Please enquire about the cost either via the collector or via NFSCO helpline.
- If you choose to use the service clearly mark the dead animal for SMS testing e.g. put a label on it.
- All fallen stock **MUST** be accompanied by the relevant submission paperwork (copy attached) which must be given to the driver on collection of the fallen stock. Please give the driver 2 copies. Copies can be downloaded from the website [www.sheepandgoathealth.co.uk](http://www.sheepandgoathealth.co.uk) or [www.nfSCO.co.uk](http://www.nfSCO.co.uk) or you may wish to photocopy the attached.

**Please check that you have a current SMS certificate - membership **MUST** be renewed annually.**

Further information and forms etc. are available online at [www.sheepandgoathealth.co.uk](http://www.sheepandgoathealth.co.uk)  
PSGHS office on 01835 822456 should your queries not be answered by our website.
